

ASSOCIATE AIR QUALITY ENGINEER/SCIENTIST

OPPORTUNITY SUMMARY

DiSorbo Consulting, LLC is a Texas focused Consulting Firm that specializes in traditional environmental consulting and services a wide range of industrial clients and consists primarily of senior technical staff with offices in Houston and Austin. DiSorbo conducts business with Honesty, Integrity, and Respect, never compromising the safety of our employees or clients.

DiSorbo is currently seeking air quality professionals with varying levels of experience for its Houston and Austin offices. The positions are a part of a team who assists industrial clients in establishing and maintaining compliance with state and federal air quality regulations.

This entry-level position is an excellent opportunity to utilize your passion for engineering/science and your engineering degree to gain valuable experience working on environmental engineering projects in a diverse range of service areas.

PRIMARY RESPONSIBILITIES AND DUTIES

Ability to work directly with project managers and industrial clients and perform engineering and/or scientific tasks associated with the services we provide, which may include the following types of projects:

- Assist the Project Manager with project management related activities.
- Review files and research air quality-related data.
- Prepare air quality permit applications.
- Review draft air quality permits and supporting documentation.
- Perform Air Quality Dispersion Modeling.
- Remain current with applicable environmental, safety and quality control requirements.
- Assist with preparing project reports, correspondence and cost tracking/status.
- Perform various other duties as assigned.

EDUCATION AND EXPERIENCE

- Bachelor's degree or Master's degree from an accredited institution in Engineering (civil, mechanical, chemical, petroleum, or environmental preferred) or Environmental Sciences.
- 0-4 years of experience; environmental engineering role preferred.
- Strong verbal and excellent written communication skills.
- Solid organizational and time management skills.
- Proficiency in Microsoft Word, Excel, & Outlook.
- Self-disciplined/motivated individual who also works well in a team environment.
- A positive attitude and willingness to learn.
- Unwavering personal integrity.
